

# ***Cabrillo National Monument Scavenger Hunt***

## **Exhibit Room**

Name two explorers and tell what happened to them.

Name three instruments used for navigation.

Where did people sleep on a galleon ship?

Who repaired a sail if it was torn?

## **View (outside visitor center)**

List two types of ships that can be found in San Diego Bay.

List two types of aircraft that can be seen in the skies of San Diego.

At the Statue...Do you think that the sculptor used a photograph of Cabrillo as a model to help him carve the statue? Why or why not?

## **Lighthouse and Assistant Keeper's Quarters**

What did the family use to cook their food?

Find the children's bedroom. What kinds of activities do you think they enjoyed?

Find the lens in the assistant keeper's quarters. This lens weighs \_\_\_\_\_ pounds.  
(That's about as much as a newborn grey whale!)

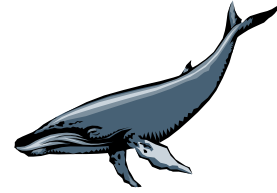

Find the "Stories of the Light" wall. Which picture on this wall is your favorite? Why?

## **Whale Overlook (past lighthouse)**

Where do the grey whales feed?

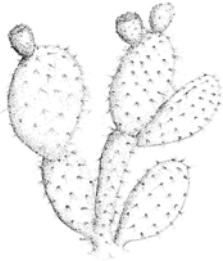

Where are grey whale calves born?

## **Bayside Trail**

(Be careful not to break the leaves off the plants, and be sure to stay on the trail.)

Draw the leaves of two types of plants you see along the trail.

What are the names of these plants?

How do the leaves feel?

List two types of animals that live in the coastal sage scrub ecosystem. What do you think they eat?

## **Military History Exhibit**

**(on your way to the lighthouse – look for a red flag)**

One company stationed at Fort Rosecrans kept a dog named \_\_\_\_\_.

How did the dog help keep order in the barracks?

Watch the video called “Loading and Firing a 16-Inch Gun.” How far can this gun shoot?

The duty of people in the Base End Stations was to \_\_\_\_\_.

***Congratulations!!!***

*You are a great scavenger hunter and have completed this scavenger hunt!*
